FAITH FORMATION

From Magnificent Humanity (Magnifica Humanitas)

The quote and question below are for personal reflection or discussion. All quotes are from *Magnificent Humanity*, in which Pope Leo XIV calls us to discern how technology can serve the common good and uphold human dignity.

> **Technology should not be considered, in itself, as a force antagonistic to humanity. On the contrary, it has formed part of our history since the beginning as 'a profoundly human reality, linked to the autonomy and freedom'*," (4).**

How might our faith influence the way we approach new technologies rather than simply accepting or rejecting them?
